**A bevy of Bexhill cyclists join the Easter Bonnet Parade**

**COLD** conditions did not put off members of the Classic Cycle Group from brightening up Bexhill seafront with their eye-catching Edwardian attire on Easter Sunday (March 31). They were there to complement their four-wheeled Bexhill 100 brothers and sisters at the Easter Bonnet Parade.

Spectacular vintage bicycles, some dating back to the thirties, and one even 1906, lined up outside the temporary refuge of an Edwardian shelter and were appropriately adorned with Easter eggs, ribbon bows and Easter bunnies attached to saddles, luggage racks and handlebars.

Founder of the Classic Cycle Group, Ray Konyn, was in the shelter with other mem-

bers enjoying an almost party-like atmosphere and avoiding the biting cold Easterly wind and sipping hot chocolate.

Ray said: "We are delighted to support the Bexhill 100 Easter Bonnet Parade and add a little Edwardian colour and eccentricity to the event. Members of the public are constantly asking questions about the old bicycles and for any, who were keen cyclists in their time it strikes a chord of nostalgic familiarity and memories."

More classic cycle events are planned throughout the summer, including Penny Farthing rides. To join in the fun, or for more details contact Ray on 07711 241891 or visit [www.classiccyclegroup.co.uk](http://www.classiccyclegroup.co.uk)
